

COXDOME

E-Type - Combination Unit

Combined Automatic Smoke Vent & Access Unit

The COXDOME E-Type combined automatic smoke ventilator / access hatch consists of a double skin polycarbonate dome mounted on an extruded aluminium frame and hinged to a secondary extruded aluminium sub-frame. This, in turn, can be fitted with an insulated upstand or curb adaptor to suit builder's curb (by others). This unit is primarily a smoke ventilator, which can be driven open/closed via an automatic folding arm motor. The smoke ventilator incorporates a manual opening switch located on the internal sub-frame which -when opened- allows the ventilator to be used as an access hatch.

Benefits:

- Provides access to roof
- Natural daylight
- Protection of building
- Protection of people
- Automatic Folding Arm Motor
- Easy to install
- Painted finish available (on request)
- Low maintenance
- Service contract provided

DOMESIZE	CLEAR "OPE" SIZE WHEN USING COXDOME UPSTAND	OVERALL BUILDER'S CURB SIZE WHEN USING CURB ADAPTOR	DAYLIGHT SIZE	VENT AREA (M ²)
1500 x 900	1500 x 900	1480 x 880	1350 x 750	1.01
